

3% HUMAN

Within each of us lie millions of dormant strands of DNA. It been documented that we as Homo sapiens are only a formation of 3% of the entire DNA sequencing within our bodies. The only occurrence where this dormant DNA becomes active is when the body gets cancer. The remainder remains a scientific mystery.

This is the story about how one man, in his search for the cure to cancer, manages to activate that dormant DNA.

And it is not human...

THE DEVIL'S CIRCLE

To most people black magic is nothing more than superstitious nonsense. But Aamer, a British born Pakistani returning home to marry the love of his life, is about to discover that black magic can be very real. On his wedding night a family friend dies of a heart attack. Undeterred, Aamer decides to stay up in the mountains with his wife and close friends. Little does he know that more death is on the way...

RAZORBLADE LOVE

Love...it is beautiful.

Love...it is sacred.

Love...it is precious.

Love...it can be fatal...

Zahra, a Pakistani student living in London, has found love for the first time in her life. But the love comes in the shape of Kyle, a man who is deemed unsuitable by Zahra's father back home. To Zahra's father this is not a question of love; it is a question of family honour. And that is worth killing for...
